## September 2nd Mile Giving

The Mental Health Association of Frederick County has served the community as a private, non-profit organization since 1965. A leader in creating services that respond to the changing mental health needs in our community, the Mental Health Association of Frederick County is a place where people can be heard and receive support. Their programs aspire to promote positive mental health and offer not just education, but the support and compassion needed to make real and lasting changes in the lives of those they serve. Your support enables them to provide suicide/crisis intervention, professional therapy services on a sliding scale basis, trained advocates for children in the foster care system, and child abuse prevention programs that strengthen and empower Frederick's children and families.
